Mobile Home Gas

6-Year Limited Warranty on Tank and Parts

Integra System™
- One-of-a-kind air/fuel shut-off device offers double protection
- Maintenance free – no filter to clean
- Standard replacement parts

Environmentally Friendly Burner
- Low NOx design for low nitrous oxide emissions

Standard Features:
- Optional base kits for replacement of pre-FVIR units
- Side inlet temperature and pressure relief valve opening
- Two hole top for anode rod and hot water outlet
- Factory installed temperature and pressure relief valve – side location
- Altitude certification up to 6,000 ft. above sea level. High altitude models available
- Specially formulated glass lining prevents corrosion and extends the life of the tank
- Patented R-Foam® insulation process for superior heat retention
- Piezo ignitor – easy light pilot, no matches required
- Anode rod equalizes aggressive water action
- Cold water inlet – side connection allows for quick, economical hook-up
- Optional leg kit for replacement units

The Mobile Home Gas model is CSA certified for manufactured home use, meets ANSI Standards and complies with HUD safety and construction standards.

Gas control is convertible from natural gas to liquid propane.

Energy Factor and Average Annual Operating Costs based on D.O.E. (Department of Energy) test procedures. D.O.E. national average fuel rate natural gas $1.218/therm; LP $1.87/gallon.
