

*Comfort at home...*

## Whole-House HEPA Air Cleaner

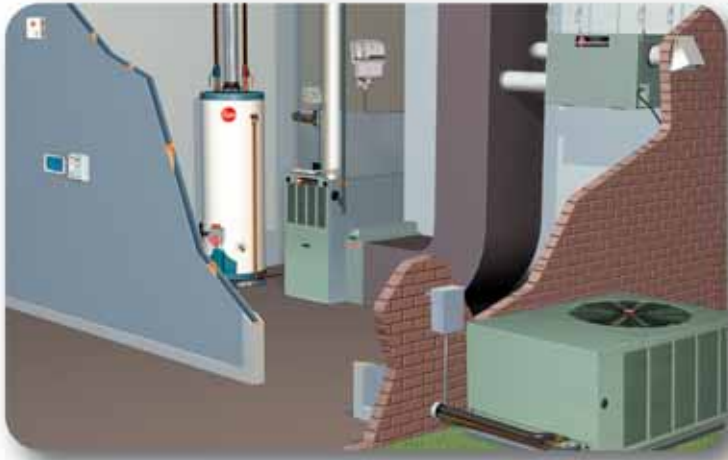

Experience cleaner air and comfort with the Rheem Whole-House HEPA Air Cleaner. When you want to improve your indoor air quality, ask for a Rheem HEPA unit – specially designed to work with your Rheem central heating and cooling system. Using HEPA technology, a filter that is highly effective, the Rheem Whole-House HEPA Air Cleaner captures up to 99.97%\* of micron particles passing through it.

You will experience pure comfort at home with a Whole-House HEPA from Rheem.

# Rheem Whole-House HEPA Cleaner

## Part of Your Rheem Total Home Comfort Solution

Standard one-inch filters trap less than 1% of those invisible particles, allowing them to re-circulate in your home. The Rheem Whole-House HEPA filter captures 99.97%\* of airborne particles – including pet dander, bacteria, pollens and other allergens.

### Rheem Whole-House HEPA Cleaner

**HEPA Cleaning Power**– Captures up to 99.97% of particles at .3 microns that pass through the filter, including cat dander, certain bacteria and pollens.

**Advanced 3-Stage Filtration** – Activated carbon, pre-filter and HEPA filter to deliver cleaner air throughout your entire home by reducing odors and capturing pollutants.

**Low Maintenance** – Indicator light prompts for periodic filter replacement.

**Quiet Operation** – High performance with low sound levels through advanced technology.

**5 – Year Limited Warranty**

Rheem Whole-House HEPA Cleaner
