

*Cool and dry...*

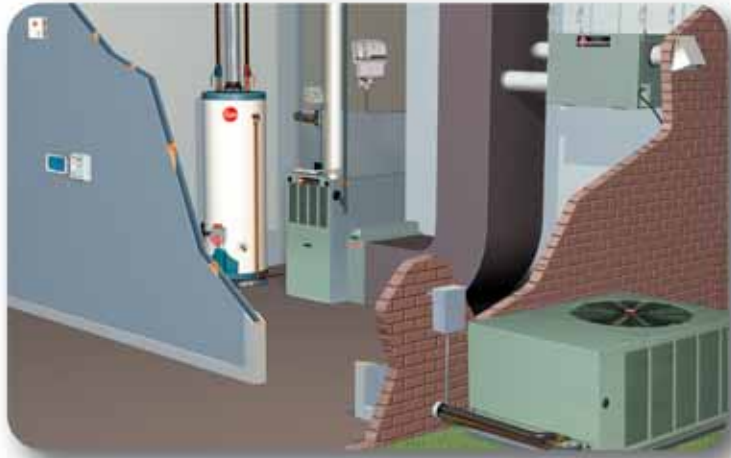

## Whole-House Dehumidification Systems

Excessive humidity can make your home feel sticky or damp and potentially create an environment for mold, mildew, dust mites and bacteria. To remove excess moisture from the air in your home, Rheem offers a Whole-House Dehumidification System to work with your Rheem central air-conditioning system. In addition to providing efficient moisture removal, a Rheem Whole-House Dehumidifier may also help you reduce your energy bill, because air with less moisture feels cooler – allowing you to set your thermostat at higher levels without a noticeable change in comfort. Stay cool and dry with a Whole-House Dehumidification System from Rheem.

# Rheem Whole-House Dehumidification Systems

## Part of Your Rheem Total Home Comfort Solution

In addition to dehumidification, Rheem Whole-House Dehumidification Systems also work to draw fresh, filtered air into the home.

### Rheem Whole-House Dehumidifier

**Versatile Installation** – Installed centrally into your system or in problem moisture areas, such as a basement or crawl space by your HVAC professional.

**Advanced Filtration** – Provides MERV 11 filtration.

**Easy Maintenance** – Easy to access service door for dehumidifier filter maintenance or replacement.

**Energy-Efficient** – Uses less energy while removing more moisture from your home.

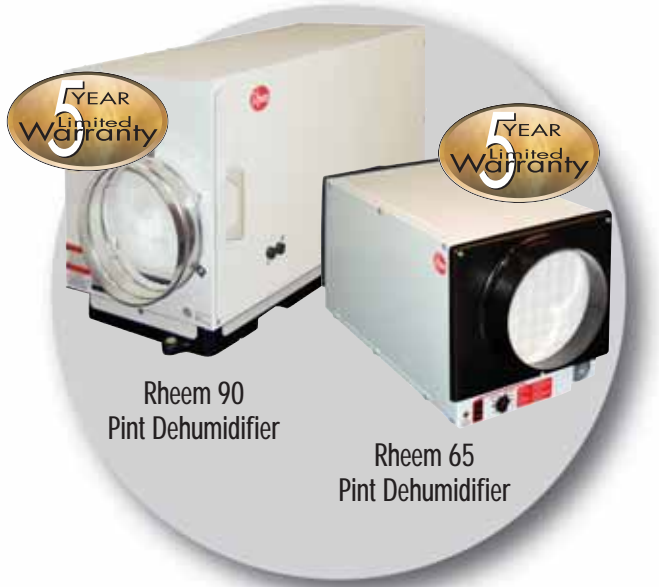

**Quiet Operation** – High performance at low sound levels through advanced technology.

**Built-In Ventilation** – Replaces stale air with filtered fresh air.

**Service Notice Alert** – LED light activates when service or maintenance is required. (Available in the 65 Pint Dehumidifier only).

**Automatic Water Removal** – Excess moisture drained automatically.

5 – Year Limited Warranty

Rheem 90  
Pint Dehumidifier

Rheem 65  
Pint Dehumidifier

### Rheem 90 Pint Dehumidifier

Compared to similar models, the Rheem 90 Pint Dehumidifier removes more moisture per day at up to 90 pints of water per day.

### Rheem 65 Pint Dehumidifier

Compared to similar ENERGY STAR® models, the Rheem 65 Pint Dehumidifier removes more moisture per day at up to 65 pints of water per day. Also, with its compact size, it can fit in the tightest spaces in your home.
