

Clean air...

Ultraviolet Treatment Systems

Breathe cleaner air with a Rheem Ultraviolet Treatment System. If you want improved air quality in your home, install a Rheem UV-C Treatment System to work along side your Rheem central heating and cooling system. Your Rheem total home comfort solution will make the air in your home cleaner and more comfortable for you and your family. By using UV-C lamps, particles and germs are destroyed and prevented from being re-circulated to the air in your home. For cleaner air...trust an Ultraviolet Treatment System from Rheem.

Rheem Ultraviolet Treatment Systems

Part of Your Rheem Total Home Comfort Solution

When you consider all the things you breathe each day in your home, it's worth thinking about a Rheem Ultraviolet Treatment System. Gain peace-of-mind for your family by having one installed, which can greatly improve your home's indoor air quality and the air you breathe every day.

Rheem Ultraviolet Treatment Systems

Highly Efficient – Kills mold spores and certain live, airborne bacteria passing by the lamp.

Long Lamp Life – Advanced technology optimizes lamp life up to five years.

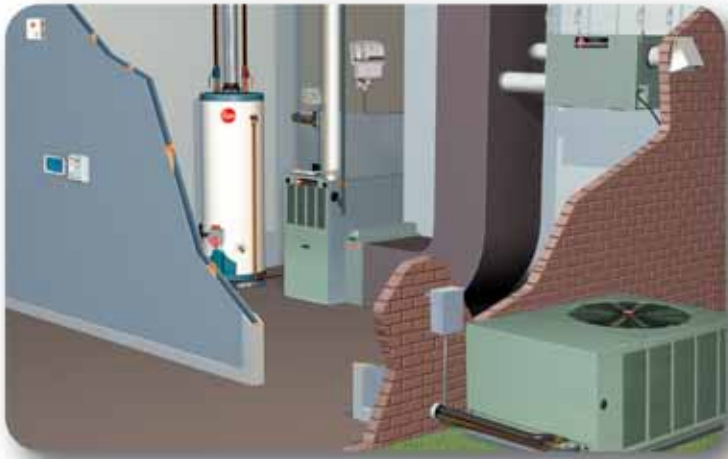

Easy Lamp Replacement – LED light indicates lamp replacement is required and snap-in lamp design makes replacement easy.

5 – Year Limited Warranty

Safe Design – Sealed unit design prevents accidental contact with UV rays.
