Technical Data Classic Series Heat Pump Pool Heaters Specialty Models

MODEL	R6450ti-E-PD	R6450ti-E-HC	R8450ti-E-HC
Heat BTUH Output	119,000/113,000	115,000/ <mark>109,000</mark>	137,000/ <mark>129,000</mark>
AHRI 1160* (80,80,80) / (80,63,80)			
C.O.P.	5.9/ <mark>5.7</mark>	5.9/ <mark>5.7</mark>	5.3/ <mark>5.2</mark>
Compressor		Scroll	
Refrigerant		R-410A	
Voltage		208/230V-1Ph-60H	Z
Minimum Circuit Ampacity	33.7	33.7	41.7
Maximum Breaker Size (Amp	os) 60	60	60
Electrical Input (kw)	5.9	5.7	7.6
Heat Exchanger		Titanium	
Water Flow (gpm)	30-60	30-60	30-60
Shipping Weight (lbs.)	351	354	413

*Tested to AHRI 1160 All models comply with Florida 4.0 minimum C.O.P. requirement.

Technical Data Classic Series Heat Pump Pool Heaters Specialty Models

Classic Model Standard Features

Cabinet Durability

- Exclusive DuraSteel[™] Powder-Coated Cabinet
- The same rugged steel construction used by Rheem and all other major air conditioner manufacturers. Fully louvered steel jacket protects the evaporator coil from storm debris, hail and typical backyard maintenance activities, not to mention the winning goal in a back yard soccer match. A plastic cabinet is no match for the Raypak DuraSteel cabinet.

Quiet Operation

• 3 Blade Swept Wing Fan

Precision engineered and tuned for our heat pump. This means more air flow over the coil which translates to greater efficiency, all while being whisper quiet!

Extremely Tough Composite Base

Rust proof and ultra sound deadening base material keeps your heat pump up and running for years while holding sound levels to an absolute minimum.

Compressor

Copeland Scroll Compressor

Scroll compressors are quiet and efficient compared to piston type compressors. They provide higher efficiency, lower sound levels, superior durability and unsurpassed reliability.

Titanium Heat Exchanger

Spiral Titanium Tube

The spiral titanium tube heat exchanger provides a corrosion-free waterway that can withstand the abuses of harsh pool chemistry.

 Plumbing Connections Off-set 2" PVC union connections with 45° elbows provided

Digital Control - Basic Functions

Pool/Spa Control

Your digital heat pump pool heater can be set to have different target temperatures for your pool and spa.

Remote Compatible

The digital heat pump pool heater can be easily controlled by most two-wire and three-wire remote systems.

On Board Diagnostics

Tells you, the homeowner, if there is a problem. Provides the service technician with detailed diagnostic information in real English.

Digital Control - Built-in Mini Automation

Limited Budget?

Now you can have both a heat pump AND automation, for the price of just a heat pump!

Solar Priority Control

Allows solar to be the primary heat source, with your heat pump as a back up booster.

- Heat Pump Priority Gas Heater Back Up Control Heat pump is the primary source for heat, with gas as a booster when needed.
- Multi-Unit Control

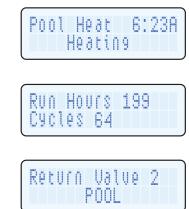

Stages heaters ability to come on by delaying the start.

3-Way Valve Control

Control and program 3-way valves to work with pool and spa mode on digital control. No external parts to buy.

Pump Control and Time Clock

Heat-Cool Models

Reversing Valve

Heat-Cool units have a unique reversing valve that allows the heat pump pool heater to cool the pool water during the hot summer months.

Defrost

Heat-Cool units have the unique ability to prevent ice from forming on the condensing coil. If freezing temperatures are sensed on the coil while heating, the unit can switch to the cooling mode.

Power Defrost Models

Refrigerant Circuit

Hot Gas Bypass Valve

If the condensing coil senses freezing temperatures while running, the power defrost feature will activate and allow some of the hot refrigerant gas to bypass the water heat exchanger and re-route it back through the condensing coil.

Warranty

· 2 years Labor and 7 years Parts

10 years on the heat exchanger tube, see warranty for details. Best in Class Warranty Service

Same day in the major cities in Florida, 24-48 hours most everywhere else. Areas outside of Florida are 24 to 48 hours with certain designated major cites having same day service. Check with your Raypak sales person for warranty service details in your area. We try harder!
