### The Features You Want

#### 1. The Scroll<sup>®</sup> Compressor

Uses an advanced technology that has fewer moving parts, is quieter, and longer lasting.

#### 2. Durable Cabinet / Water Management

The low-profile cabinet features a durable powder-paint finish for superior protection from the elements. Louvered panel kits are also available for added protection of the condensing coil.

##### Water Management:

- One-piece top over indoor section
- Drawn, painted durable base pan
- 1" raised flanges for supply/return air connections

#### 3. 1" Factory Installed Filter

There are also provisions for field installed 2" filters.

#### 4. High Static Motor Options

Direct or belt-drive options available to accommodate design conditions up to 1.5" of external static pressure.

#### 5. Control Box Access

Our electro-mechanical controls use proven, dependable technology to control all cooling and heating operations reliably and efficiently. Our numbered and color-coded wires make troubleshooting a breeze.

#### 6. Optional Electric Heater Kits

Factory or field installed kits available up to 24 kW.

#### 7. Forkable Base Rails

Allows for easy maneuvering and installation.

### Limited Warranty Information

All of our Ruud package units were developed with reliability and durability in mind. The Copeland<sup>®</sup> Compliant Scroll<sup>®</sup> Compressor features a five-year limited warranty on all 13 SEER models, and on 14 SEER single and three-phase models installed in commercial applications. In addition, a 10-year limited warranty is offered on 14 SEER, single-phase models installed in residential applications. All other parts have a limited warranty of one year for single and three-phase models installed in commercial applications, and five years for single-phase models installed in residential applications.

### Protection You Can Count On

Our exclusive Protection Plus<sup>®</sup> service contract program, available in most areas, offers you and your clients the peace of mind of extended warranty protection when the manufacturer's limited warranty ends.
