

## MANUFACTURER CERTIFICATION STATEMENT FOR QUALIFIED ENERGY PROPERTY

On the 18<sup>th</sup> of February, 2009, The American Recovery and Reinvestment Stimulus Plan was signed into law. This includes an amendment to § 25C of the Internal Revenue Code.

This amendment was created in order to allow for tax credit(s) when qualified energy efficient appliances such as Raypak's line of modulating-condensing boilers which are placed into operation in an existing home after February 16<sup>th</sup> of 2009 through December 31<sup>st</sup> 2010.

**In order to validate the credit, please keep this Certification Statement with your receipt.**

The following Raypak residential heating boilers qualify for the Energy Conservation Incentives included in the Stimulus Bill.

The value of the tax credit(s) are up to 30% of the installed cost for qualified home improvement that is placed in service between February 17<sup>th</sup>, 2009 and December 31<sup>st</sup>, 2010. The aggregate amount of the credits allowed to any taxpayer shall not exceed \$1,500. *(Consult your tax advisor regarding your eligibility to claim this credit.)*

### **XPak Residential Heating Boilers: Models 85 and 120**

The Raypak XPak Residential Heating Boiler models listed are Qualified Energy Property set forth by § 25C of the Internal Revenue Code.

Under penalty of perjury, I declare that I have examined this certification statement and to the best of my knowledge and belief, the facts presented are true, correct and complete.
